

*COMMUNITY SUPPORTED AGRICULTURE, or CSA, is a relationship between farm and community, a way for healthy fresh food to be in every larder and for farmers to rest easy knowing they are sharing both the joy and heartbreak of a growing season.*

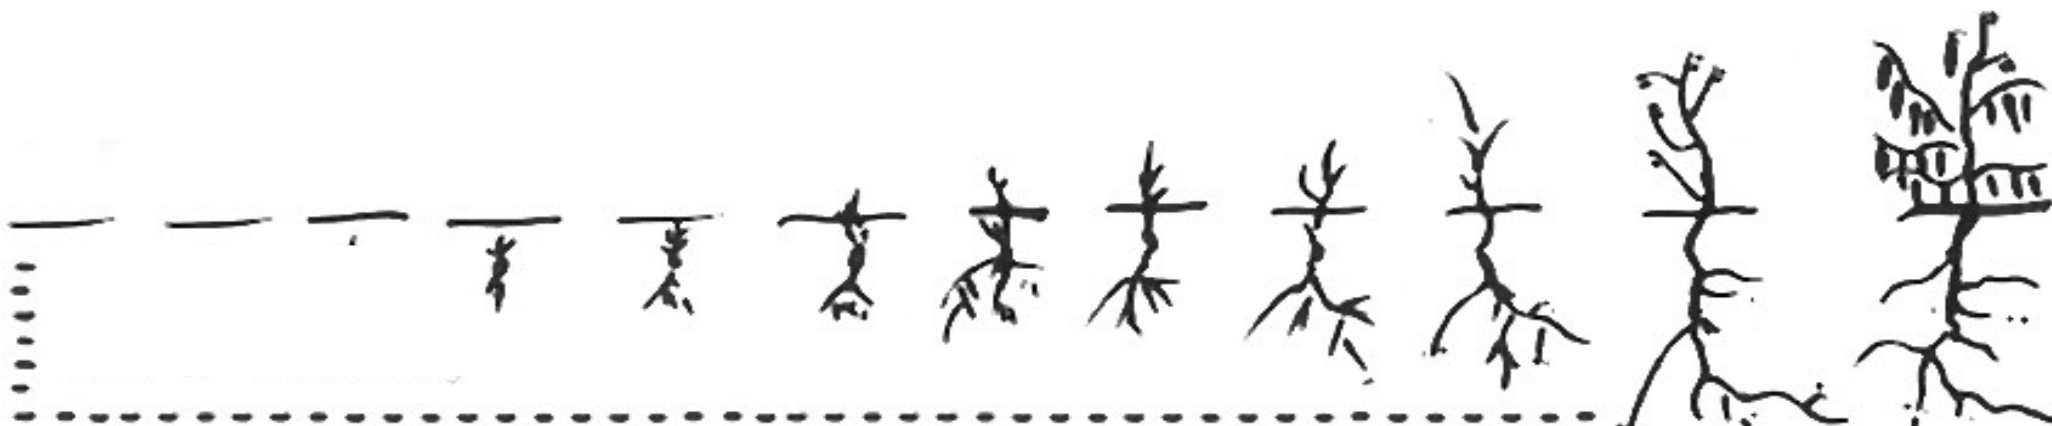

*At DALOZ FARM, in Hancock, New Hampshire, we believe in local and ecological farming as a way to steward the land, bring community members together, and as the basis of a healthy lifestyle.*

*As a MEMBER, you will be provided with a selection of fresh, organically grown vegetables for twenty weeks from June to October, picked up every week on the farm. Peas, green beans, cherry tomatoes and flowers are available in the pick your own garden.*

*We offer two SHARE SIZES : large for big families or vegetable lovers and small for a couple or single person. On your first pick up day, we will give you your CSA bag, either large or small, and you get to choose what you will fill your bag with. You take what you like and leave what you don't. All we ask is that you consider what you will eat in the week and take accordingly. Of course, there will sometimes be abundant harvests that do not have to fit in your bag, just as there will be some crops that are limited in quantity. We can accommodate extra small or extra large households with an appropriate share size.*

*There are two PICK UP DAYS , you choose either Tuesday from 3-6pm or Saturday from 10am-12pm. Large share holders have the option of picking up both Tuesday and Saturday. If you can not make your pick-up day, you can either switch with prior notice or have a neighbor pick up for you. The pick your own garden is open all day.*

*We offer two PAYMENT OPTIONS, you can pay in full when you sign up, \$500 ( 25 dollars per week) for a small share and \$675 (33.75 dollars per week) for a large share or in installments, \$150 initially with payment completed by June 1st.*

PLEASE RETURN WITH PAYMENT TO PO BOX 203 HANCOCK, NH 03449

SHARE SIZE	DISTRIBUTION DAY	PAID
SMALL	SATURDAY 10-12	IN FULL
LARGE	TUESDAY 3-6	1ST INSTALLMENT \$150

I understand the value of a CSA for myself, my family and my community. I know that farming has inherent risks, however I believe in the DALOZ FARM CSA and I agree to stoically embrace any misfortune that befalls my vegetables, knowing that there are always others that are just as delicious.
